9th October 2020

Dear Parents and Children,

Collective Worship

The focus this week was "Neighbours" and we listened to Psalm 18 which tells us that sunrise and sunset remind us that we are all living under the same sky and therefore we are all neighbours to each other. We spoke about how we need to think about others and especially at the current time when we all depend on each other more than ever for our own well-being and health.

Bike to School Week

Thank you to everyone who took part especially as the weather was so dreadful for most of the week! The class with the most cyclists was Class Four, second was Class Three and then Class Five. Class Four will receive the Golden Pedal trophy and the Teddy bear Mascot to keep until the next Bike It event.

Walk to School Week

This has started really well and we want it to continue all year. If we can all walk once a week in the Autumn and Winter we will be doing a great job. If you live too far from school to walk please try parking away and walking from there instead. This week Class Six had the most people who walked, followed by Class Four and Class Two. Well done all walkers, cyclists and scooters.

Mile Run

On Wednesday each class had the opportunity to run a mile around the school grounds. This was an event that took place across Sefton. The children really enjoyed it and showed us how fit they all are. Well done everyone!

Black History Month

We will be studying the lives of black people who have made a significant contribution to the lives of others or who have been trailblazers but who have not been recognized as doing so due to their skin colour. The classes will share their learning in our assembly next week.

COVID-19 Update

Please remember that if you or your child have any symptoms of COVID-19 then you all need to stay at home and seek a test for the person with symptoms only. No one else needs to be tested unless they too are showing symptoms. Local restrictions now make it an offence for households to mix so it is important that you leave school premises as soon as you have collected your children.

Household Mixing

This is just a reminder to parents that under current restrictions households are not allowed to mix and therefore if we are asked to let your children be collected by another parent we need you to be aware of this. Children shouldn't be going into each other's houses for tea or to play at the present time even where they are in the same class bubble. They shouldn't be travelling in the same car as another household either so please bear this in mind.

Disabled Parking Spaces

If you park in the disabled spaces in the car park, please remember to display your blue badge as unfortunately, people not entitled to use these spaces are causing concern to our families who do need them.

Regards,

Mrs. Monaghan

Growing in God's Love
